TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

The polls will be open from 10:00 a.m. to 6:00 p.m.

To the Inhabitants of the Town of Strafford in the County of Strafford in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Strafford Elementary School in said Strafford on Tuesday, the 8th day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

** 1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

**NOTE: All articles except No. 1 will be taken up at 8:00 p.m. Tuesday, March 8, 1983 at the Elementary School.

3. To see if the Town will vote to appropriate and authorize the withdrawal from the Revenue Sharing Fund established under the provisions of the State Local Assistance Act of 1972 for use as set offs against budgeted appropriations for the following specific purposes and in amounts indicated herein or take any other action thereon:

APPROPRIATION	AMOUNT
Ambulance	\$2,000
Fire Department	1,200
Library	1,000
Police Department	2,000
Recreation Commission	300
Rural Health	1,000

4. To see if the Town will vote to raise and appropriate \$30,000 to convert a portion of the Bow Lake Firehouse into Town Office space and make the present Town Office available to the Strafford School District for school use.

5. To see if the Town will raise and appropriate \$12,000 for the operation and maintenance of the Police Department (\$2,000 from Revenue Sharing).

6. To see if the Town will raise and appropriate \$5,541 as the Town's share of the cost of providing ambulance service by the Center Barnstead Fire Department (\$2,000 from Revenue Sharing).

7. To see if the Town will accept Town Road Aid and appropriate \$1,000.58 to which the State of New Hampshire will contribute \$6,670.55.

8. To see if the Town will raise and appropriate \$125,000 for High-

ways and Bridges.

9. To see if the Town will approve and appropriate money for a change in the Town Clerk's salary from \$750 to \$1,000 per year.

TOWN MEETING — MARCH 10, 1982

At the legal Town Meeting of the inhabitants of the Town of Strafford in the county of Strafford, in said State, the following action was taken on the warrant on Tuesday, the 9th day of March, 1982.

The meeting, held in the Strafford Elementary School of Strafford was called to order by the Moderator, C. Russell Shillaber, at 10:00 a.m. the polls were declared open for voting on Article 1 from 10:00 a.m. to 6:00 p.m., with all other articles to be voted on at 8:00 p.m. of the same day.

1. The following officers were declared elected:

Number of eligible voters on the list	939
Number of votes cast	407
Selectman for three years	James Wilder — 231 William Hill — 76
Selectman for two years	Thomas Davis — 321
Moderator for two years	Russell Shillaber — 81
Supervisor of Checklist for 6 years	Myrtle Hammer — 351
Supervisor of Checklist for 4 years	Joanne Brown — 338
Auditor for two years	Robert Sawyer — 296
Library Trustee for two years	Bernice Omand — 342
Road Agent for one year	Radford Messenger — 291
Trustee of Trust Funds for 3 years	Eleanor Sawyer — 14

To the question, "shall the Town adopt the provisions of RSA 72-43-F for the adjusted elderly exemption from property tax. These statutes provide for the following exemptions, based on assessed value, for qualified taxpayers: for a person 65 years of age up to 75 years, \$10,000; for a person 75 to 80 years of age, \$15,000; for a person 80 years of age or older, \$20,000. To qualify, the person must have been a New Hampshire resident for at least 5 years. In addition, the taxpayer must have a net income of less than \$10,000, or if married a combined net income of less than \$12,000, and own net assets of \$30,000 or less, excluding the value of the person's residence." The vote was 183 yes and 31 no. A two-thirds vote was required so the vote was declared in the affirmative.

The business meeting was opened at 8:00 p.m. by Moderator Russell Shillaber. Article 2 passed to the end of the meeting.

The Moderator declared all articles to be properly before the meeting and seconded unless where otherwise specifically proceeded.

STRAFFORD CONSERVATION COMMISSION

This year the Commission's major project was to begin implementation of the management plan for the Storer Lot. This plan was developed for us in 1981 by the Division of Forests and Lands. In order to accomplish this we hired a forestry intern (Harry Angier a student at U.N.H. Thompson School) with interest from the Storer Trust Fund. Work done by the intern included the creation of two scenic vistas, marking and relocating a portion of the upper trail, brushing out the fireroad, marking 50 cords of firewood, work on locating the source of the spring, and the construction of two gates. The Commission would like to thank Rodney Hayes for his assistance in welding the gates.

Other Commission projects this year were the development of management plans for the Town Forest and the Swain's Mill Site on Pig Lane, a forest inventory at the Town Forest, rebuilding of two waterbars

on the upper road at the Storer Lot by students from Thompson School, reviewing of 10 dredge and fill permits, and cosponsoring sending a Strafford student to Conservation Camp.

In October when the fourth grade from Strafford School made their annual trip to the Town Forest they planted some trees which were donated by Commission member Neil Mooers.

Respectfully submitted,

The Hill Library has had a very successful year. There have been many new people using the library and the circulation has increased by 664 over last year.

All grades from the elementary school have been coming regularly. Some classes can not come during library hours so it is opened on other days as a convenience to them.

We still have faithful volunteers who come regularly so the library may be open more hours. They are invaluable.

The librarian took one more Library Techniques course, "Children's Programs and Services". She has attended most of the RALI (Rochester Area Libraries) meetings.

Trustee Katrina Rhodes has handled all of the RALI media materials. These have been circulating among area libraries which belong to RALI. Hill Library has made very good use of them. Many of the films have been used at the elementary school as well as in the library summer programs. Some additional films, tapes and cassettes have been added to the Hill Library collection and are available for loan.

The State Library recommended Hill Library to receive money from a grant to be used for energy programs and to purchase books on energy. One program has been presented by two professors from Plymouth State College and 27 books on energy purchased.

The State Book Van has made two calls at the Library this year leaving

some 400 or more books each trip. We have also been able to fill our patron's requests by inter-library loan. If we don't have it we can usually get it somewhere.

Successful story hours were held during the summer.

The library no longer has patterns. Due to the small circulation and the need for more room for books we have discarded them.

Patrons have been very generous in giving us books and magazines.

Again the Girl Scouts furnished us with a Christmas tree, decorated with ornaments they had made. We appreciate this very much.

We still urge organizations and individuals to place exhibits in the library.

Library service to the citizens of Strafford has been expanding these last few years and we hope we are giving the town the best service possible.

STRAFFORD FIRE DEPARTMENT ANNUAL REPORT 1982

1982 was slightly busier than 1981, especially for the Rescue Squad.
The breakdown is as follows:

Medical	42
Chimney	10
Grass/woods	8
Power Lines down	6
Vehicle	4
Structure	3
Accident	4
False Alarms	3
Partition	1
Dump	1
Stove Fire	1
Mutual aid	7
	<hr/>
Total	90

The Department has spent a good many hours on training this year especially by the members of the Rescue Squad who became E.M.T.s.

The Fire Department and Rescue Squad have each purchased a cold water rescue suit that will help tremendously in ice and water rescue.

For those of you who are not aware of it, the tank truck at the Bow Lake station has had serious motor problems and is permanently out of order. The truck that is in use there now is one that we have had problems with in the past. For this reason, we feel the time has definitely come to update the protection of the town with a new truck. The average age of the trucks now in use is 19½ years, and only one of them is a first class piece. Because of their age, they are not capable of pumping water with a large diameter hose or to be set up in a pump shuttle.

Since most people die from smoke in a structure fire, the Department has purchased Smoke Detectors and will be selling them to the townspeople at cost. We are hopeful that everyone will make sure to have smoke alarms in their homes for their own protection.

REPORT OF TOWN FOREST FIRE WARDENS AND STATE FOREST RANGER

Forest fire prevention, our business, your business, good business! This slogan has been the motto of the N.H. Division of Forests and Lands, Forest Fire Service since 1909 when the first forest fire laws were passed by the Legislature.

These laws set in place a cooperative forest fire protection program of State and local forest fire personnel that has, in the past 75 years, established New Hampshire as a leader in forest fire prevention and control. Our annual acreage loss to forest fires of one-half acre per fire is the best in the nation. This fire record has come about through the cooperative efforts of our state/town forest fire protection program. The state provides detection of fires, training for local forest fire wardens, low cost forest fire suppression equipment to local fire departments, and technical advice at the fire ground. Local governments provide the volunteer fire fighters who are appointed as wardens and deputy wardens and who respond quickly to suppress reported forest fires.

This program has resulted in a steady decline in annual acres lost to forest fires since 1910 when the average fire burned 33 acres compared to the modern day loss of one-half acre per fire.

Only by the continued cooperation of the State/towns and our entire

citizenry can this record be maintained.

**1982 ANNUAL REPORT
RECREATION COMMISSION**

Because of the late school year ending, the anticipated 11 week beach season started one week later than budgeted. The lifeguard, Mary Jane Kelley, was accepted at Maritime Academy and had to leave one week early. The shortened staff season produced a budget saving.

Mary Ellen Plante, the instructor, reported 104 registrants for swim lessons, 55 in the first four week session and 49 in the second. This is a few more than last season, and produced \$486 of fee income. The commission plans to raise fees slightly for out-of-town students next season. 61 of the students received Red Cross certificates in the various skill categories.

The commission appreciates the help of those friends who raised money by food sales at Thorne's Store for extra sand and special equipment. The rescue board proved to be too heavy and long to be useful. Two large signs were constructed by Bob Omand and painted by Harmony Anderson and Tracey Matteson. A raised lifeguard chair is planned for next season. The commission also hopes to have a skating party and an art show in 1983.

Ron Hernon was appointed to the Commission by the Selectmen to replace Bruce Mathews, who left town.

REPORT OF THE ANIMAL CONTROL OFFICER

During 1982 as Animal Control Officer I traveled 992 miles totaling 57 hours.

I issued 5 restraining orders and investigated 4 dog bites. I provided

emergency medical treatment for 2 dogs and disposed of 3 killed by autos.

I had 4 stray cats euthanased.

I returned 1 stolen dog to its owners in Goffstown, N.H.

I assisted in rounding up and returning stray cattle to their owners and investigated 2 reports of cruelty to animals.

I attended meetings to investigate the possibility of the town joining the new Granite State Humane Shelter in Dover to eliminate long costly trips to Stratham, N.H.

We now have a contract with them.

Respectfully submitted
Andrea Crosby, A.C.O.

1982 STRAFFORD CIVIL DEFENSE ACTIVITIES

Civil Defense activities for the year 1982 have been mostly in response to requests for information received from the State Civil Defense Agency. The State Radiological Defense Officer addressed the Fire and Police Departments on radiological hazards that might occur in Strafford and the action that should be taken should such a hazard be found in the Town. Program papers were completed and approved for Civil Defense activities for 1983. The Emergency Operating Plan was updated after the March elections. Radiological monitoring equipment in the custody of the Police, Fire and Civil Defense Departments was exchanged and the new equipment checked for operation. One seminar on Civil Defense was attended in Portsmouth. The seminar included people from the Portsmouth, Dover, Rochester area. Excess property was checked in Concord to see if there was anything available to replace the damaged truck engine from the vehicle originally received from Civil Defense. Excess property has mostly used office furniture for disposition, and that at a price. The price to be paid is based on storage costs.

We participated in the State's Crisis Relocation Planning effort. This is a continuing effort and may take several years to complete.

PLANNING BOARD REPORT - 1982

The Planning Board has held eleven (11) regular monthly meetings to consider applications for subdivision approval. Of the thirteen (13) applications received, eleven (11) were approved and two (2) were pending,

as of December 31, 1982. We, also, accepted and signed eight (8) plans for recording purposes only. These plans included boundary surveys and adjustments.

In addition to the regular monthly meetings, one work session was held to further discuss a pending application.

To the Citizens of the Strafford School District:

At the March 1982 Strafford School District Meeting a study committee to look into the future space needs of the elementary school was mandated. The committee consisted of:

Tyler Brown, Chairman

Lois Fistere	Joe Gambardella	Roger Leighton
Carol Thompson	Martha Connolly	Robert Paradis

An extensive and comprehensive report was submitted by the committee. The School Board wishes to thank them for their time and effort.

One of the recommendations in the report is the construction of four classrooms. The Board feels that an addition at this time is not warranted or justified.

SCHOOL NURSE REPORT

More and more, the importance of good health practices are becoming an integral part of our daily lives. In following with this upsurge in health awareness, we have continued to expand our Health Education in Strafford School.

All grades have had Health Class weekly as a normal part of their schedule. The curriculum for each class was expanded and revised to better meeting the needs of each age group. This is especially noted in the 8th grade where we started a Community Health Awareness Course in the second half of the year. The purpose of this course is to make the students aware of the important part every community takes in maintaining high health standards. This is achieved mainly through the cooperation of speakers from the different Community Health Organizations in this region.

The School was also able to purchase some excellent second-hand Health Texts for grades 5-7. These are a great asset to the health program.

During the course of the school year I performed the basic vision, hearing, height, weight and scoliosis screening. The Dental Clinic, I'm sorry to report, was not held due to the fact that we could not find an available hygienist.

Thanks to the generosity of SAY and the Strafford Women's Club, we were able to purchase an ophthalmoscope. This instrument will enable me to examine eyes for internal injuries.

There is a large outbreak of Pediculosis (head lice), in the Coastal Region this winter. Fortunately, due to the cooperation of Staff and parents, our percentage of effected children was one of the lowest in the area.

This has been a busy, productive, and happy year for me as School Nurse. There can never be enough time or ways in which to express my gratitude to all those associated with Strafford School. I only hope that

they know how much they are appreciated.

Sincerely,
Nancy Reynolds, R.N.

	38	33	30	17	121

In addition the following numbers of students are receiving Special Education services at the District's expense: 2 at SLC's TIP; 1 at SLC's TAC; 1 at SLC's PEP; 1 at Spaulding Jr. High; 3 at Spaulding High; 1 at Dover High; 1 at Hand-in-hand Early Learning and 1 at the Rochester Day Care Center.

The past year has been an extremely busy one for the Strafford School. Curriculum development and the refinement of instructional programs have continued to represent large time commitment and much effort by both the faculty and Mr. Boyle. Based on the Science Research Associate's achievement test analysis compiled by this Office each year for all school districts, pupil achievement in Strafford has continued to demonstrate strong growth in Math, Reading and Language Arts over the past five years. While group achievement test scores do not represent the only method of evaluating student achievement, they do serve as an indicator of what is transpiring in the classroom. According to the achievement test analysis, Strafford students are at a level markedly above the National and School Administrative Unit norms. In addition to achievement test results, there are other factors that can be reviewed in order to determine the effectiveness of a school system. Professor Ron Edmonds of the Harvard Graduate School of Education, and a leader in the research on effective schooling, has identified five factors which are normally associated with "effective" schools:

1. **BUILDING LEADERSHIP:** The principal displayed strong professional behavior; understood the contribution of teachers to the school's goals; regularly visited/observed classrooms and made useful suggestions to improve instruction.

2. **INSTRUCTIONAL LEADERSHIP:** The adults in the building (e.g., parents, teachers, administrators, support staff) were consistent in statements about the school's instructional goals. They not only understood, but abided by these aims. Consistency among statements was more important than the particular goals named.

3. **SCHOOL CLIMATE:** Effective schools were attractive, clean,

organized and physically secure with adequate instructional space. Newness and fanciness of the building were not determining factors.

4. IMPLIED TEACHER EXPECTATIONS: Observers looked only at what teachers did and not at what they thought or felt. Students were asked if they thought their teacher expected anyone in the class to fall below an acceptable level of achievement. In effective schools, the students answered no. Teachers who expected achievement got it.

5. MONITORING SYSTEM: Effective schools had a system for monitoring and assessing pupils performance tied to their instructional objectives. The faculty did not continue practices which had not worked. If achievement data or other feedback indicated a need for change, they were willing to do it.

I believe the Strafford School possesses the factors identified above. Mr. Boyle and faculty have been devoting much time and effort to the refinement and improvement of what is already a strong elementary curriculum. While expectations have been high, the process initiated several years ago seems to be producing a clearly identified, well organized curriculum designed to meet the needs of the children. Programs for talented/gifted students and computer education represent new areas of endeavor currently being addressed by the faculty and administration.

In addition to working with Mr. Boyle on instructional matters, this Office has continued to provide management services to the School Board. This year this process has been a combination of discharging the normal responsibilities such as submission of all the required State reports, monitoring out-of-district special education placements, etc., and conducting a constant review of expenditures for cost savings purposes. Through the efforts of School Administrative Unit personnel, the eight school boards served by the Office were able to consolidate their multi-peril insurance coverage, which resulted in an annual savings of \$10,000 for each of the next three years for the taxpayers. Last year, through the efforts and recommendations of this Office, the School Board Legal Liability Insurance coverage was consolidated which resulted in an annual Unit-wide savings of approximately \$4,300.

As I indicated in this report last year, I realize that the present economic climate places a low priority on long-range planning and identifying the future needs of the system but I consider it the responsibility of the Superintendent to keep the needs of the system in focus. The specific areas which I continue to recommend for review are as follows:

1. The present facilities are at maximum capacity. Special education services are housed in the former storage area and the library can no longer be effectively utilized as a library.
2. Programs for gifted children should continue to receive the atten-

tion of the School District. Since it is an extremely difficult time to justify expenditures for new programs, the Assistant Superintendent has been encouraged to place an emphasis on creative and critical thinking skills in the area of mathematics and science through the process of implementing the School Administrative Unit's accountability plan.

3. I believe that the School District should continue to explore the possibility of the development of a regional high school.

State financial support for local communities continues to be a major issue when discussing school finances and will continue to require a solution at some point in time. The continuing practice by our Federal and State Governments of mandating programs, while leaving the bulk of the financial responsibility for these programs to the local property taxpayer, must be reversed. I strongly recommend the Strafford citizens encourage their representatives to seek passage of legislation at the State level to place the burden of financing mandated programs on the State through the adoption of a property tax "cap".

While improved State financial support would assist the District address many of the challenges confronting us, our most valuable resource is our people. Strafford has a competent, dedicated Principal and a fine faculty and support staff for which we should be thankful. On behalf of the children of the District, I wish to take this opportunity to express our appreciation to the entire staff for their outstanding efforts this past year.

Respectfully submitted,
Barry L. Clough
Superintendent

MINUTES OF THE MEETING OF THE STRAFFORD SCHOOL DISTRICT . March 1 and 9, 1982

The annual meeting of the Strafford School District was called to order at 7:00 p.m. by Moderator David Meserve. The Warrant Articles were read as posted.

ARTICLE 1. Dr. Shiere moved the reports of agents, auditors, and officers of the district be accepted as printed in the Annual Report of the Town of Strafford. This was seconded and voted in the affirmative.

ARTICLE 2. Dr. Shiere moved article two be passed to be taken up at the end of the warrant articles. It was seconded and voted in the affirmative.

ARTICLE 3. Mrs. Erma Clark moved the District raise and appropriate the sum of \$656,878.00 for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the District. This was seconded.

Mr. George Waldron moved to amend the motion to reduce the total budget by \$30,000. This was seconded. Discussion on the amendment followed including teachers salaries not to be cut, what items could be reduced, last years unreserved fund balance was over \$29,000, equipment purchased last year that would not be purchased again this year, how tuition costs are budgeted, and if the total amount would be sufficient.

The Moderator repeated Mr. Waldron's amendment and asked for a show hands vote. After a count of hands the Moderator declared the amendment carried.

The Moderator declared the motion on the floor as "the District raise and appropriate the sum of \$626,878.00 for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the District".

Discussion on this included if this amount would be sufficient and the procedure for a deficit appropriation. Mr. William Lynbourg moved the question. This was seconded and voted in the affirmative. Moderator David Meserve called for a vote on the motion to raise and appropriate the sum of \$626,878.00 for the support of schools, for the salaries for school district officials and agents, and for the payment of statutory obligations of the District. After an aye/nay voted it was declared carried.

ARTICLE 4. Mrs. Erma Clark moved the Strafford School District authorize the Treasurer with the approval of the School Board appoint a Deputy Treasurer for the 1982-83 school year and each year thereafter in accordance with the provisions of RSA 197:24a and to provide bond for

the said Deputy Treasurer as provided in RSA 197:22. This was seconded and voted in the affirmative.

ARTICLE 5. Moderator David Meserve read the article as printed. Mr. George Waldron asked the petitioners to explain the reasons for the article. The Moderator stated the article had to be moved to be placed on the floor for discussion. Mrs. Carol Cooper moved the district authorize the School Board to appoint a study committee composed of not more than (7) seven members for the purpose of assisting the School Board to: a) assess present facilities of Strafford Elementary School in relation to State of New Hampshire Minimum Standards and Recommendations for Elementary Schools; b) ascertain options to the town to address those needs. The motion was seconded.

The discussion following included the immediate need of more classroom space and library facilities, if the School Board felt a committee would be helpful, how the members would be chosen to make up the committee and if this would be at no cost and non-binding. A voice vote was taken. Moderator David Meserve declared the motion voted in the affirmative.

ARTICLE 6. Mrs. Erma Clark moved the School District direct the School Board to hold the Annual School District meeting on a date prior to the Town Meeting. This was seconded and voted in the affirmative.

ARTICLE 7. Mrs. Phyllis Lynbourg moved the School District authorize the School Board to make application for and to receive and expend, in the name of the District, any funds available for educational purposes which may now or hereafter be forthcoming from the United States Government and/or state agencies and/or other sources. This was seconded and voted in the affirmative.

ARTICLE 2. Mrs. Christine Bozak moved Article 2 be indefinitely postponed. This motion was seconded and voted in the affirmative.

ARTICLE 8. Moderator David Meserve on behalf of the residents of Strafford thanked Dr. Shiere for serving on the School Board.

Mrs. Christine Bozak stated due to a large number of no school days this year the School Board was discussing calendar revisions and asked for input from the floor. Comments included the pros and cons of the April vacation being shortened, sessions being held on Saturday, and a lengthened day.

A motion to adjourn was made, seconded, and voted in the affirmative. Moderator David Meserve declared the meeting adjourned at 7:56 p.m.
